

FANATICAL VOICES

Integricity's monthly newsletter offering goodies, special offers, tips and tricks, useful articles and latest news about Integricity and its services.

Welcome message from Nicholas Goh Project Manager Integricity Corporation

The business development team is always out for meetings. Creative guys have their hands on tonnes of projects, meeting tight deadlines. Techies are answering frequent support calls. Programmers are constantly coding. This has been the scene in Integricity for the past two months.

Yes it can be chaotic at times, but at Integricity we always somehow seem to have that balance between work and play. Here, we live by the philosophy of "Work hard, play harder", which is why we've organised "team building" activities such as having LAN games and pampering ourselves to a fine dining lunch at Lafite in Shangri-La. And for Integricitizens, we believe in taking short spurt holidays to rejuvenate and refresh. Yes, we are a spoilt bunch aren't we? But it just goes to show that it's always good to strike a balance in life. The more relaxed you are, the more productive you'd be.

Anyone up for some shopping?

Fanatically yours,

Nicholas Goh
Project Manager
